

The Lighthouse Church

Rita Bota

Hi folks! Yes, we're still in business: just changing our usual sign to fit the new, upgraded and very smart PPA Noticeboard. Church services are still at 10:30am Sundays. The Drop-In Centre is still open Wednesdays fortnightly 10am-2pm: the next is 18th April. Everyone's very welcome at both!

Pinehaven Arts and Crafts Exhibition

Ellen and Tam, Co-Convenors

Opening night will be Friday 21st September, and the exhibition will run to Sunday 23rd September. Currently we're seeking sponsorship and donations e.g.: wood, paint, food/catering, wine and items to aid with set up and ongoing maintenance costs. Anything would be gratefully received and appreciated! If you can help, contact Tam or Ellen at pinehavenartandcraft@gmail.com

75 AND STILL GOING STRONG!

Mel Hart

Earlier this year, the Pinehaven Progressive Association (PPA), celebrated 75 years in the community with a sausage sizzle, photo exhibition and memorabilia display at the Pinehaven Hall.

We also held a trivia night with spot prizes, sponsored by local businesses. MC and popular Pinehaven personality, Jo Llewellyn provided the entertainment. Local cakemaker Heather Cooling of www.wellingtoncakes.com created a chocolate masterpiece. Everyone who attended had such a great time we've been asked when the next trivia night will be.

Led by David Brown, the PPA is a small, volunteer-based organisation promoting and protecting Pinehaven interests. We also maintain the Pinehaven Hall on Forest Road. Following a lot of hard work by Committee members, the grand old lady received new signage, tidied gardens front and back, and fresh paint including a bright yellow front door: all to mark the occasion.

The PPA's planning more fundraising events and activities. If you have any suggestions, please email hello@ppa.org.nz or phone David on 04 973 9947.

The anniversary celebrations were the result of a great community team effort. Feedback has been overwhelmingly positive. Thanks everyone for your support and here's to another great year ahead for Pinehaven!

Pinehaven Community Orchard

Rachel Middleton

Apples, pears, plums, lemons.....

We plan to plant a community orchard in the space around the PPA hall. We've sourced bare rooted trees to order in May and plant in August: three apples, three pears, three plums and a three lemon trees, so we can have early, mid and late season fruitings. Once established, it'll be low maintenance and provide free fruit for all Pinehaven!

Each tree will cost about \$40 to get into the ground, including compost and stakes. The PPA will coordinate the purchasing. Online donations can be made to Pinehaven Progressive Association account 03-0774-0857067-00

If just 12 families helped us purchase one tree each, that'd pay for our orchard.

Once the trees arrive, we'll need help planting them. If you have a shovel and some time, please contact Rachel on 6middletons@gmail.com

Weed of the Moment: Sycamore

Chris Cosslett

We've made great progress on getting Old Man's Beard under control in Pinehaven. Thanks to all who've helped. Old Man's Beard is in seed right now: look for fluffy cream-coloured seed heads. If you find it in your garden, contact Chris Cosslett on cosslett.hunter@pinehaven.net.nz for advice and assistance.

Sycamore's a medium-sized tree of the maple family, with smooth grey bark and bluish-green leaves shaped like the Canadian flag leaf. It produces yellow/reddish winged "helicopter" seed capsules containing two seeds. Mature examples are beside the library.

Sycamores produce many long-lived, well-dispersed seeds that can germinate and flourish under shade. It aggressively invades existing vegetation, including bush, by releasing toxins into the soil through its roots to stop other plants.

It makes superb firewood. If you have sycamore growing on your place -and chances are you do- consider felling them for your wood burner. Pull or dig out small ones. Dry them out before disposing of them. Don't put them in your compost. Large trees can be drilled and poisoned, or cut down, but if you cut them down you MUST poison the stump to prevent regrowth. For detailed instructions, see: www.weedbusters.org.nz - go to Weed Information and look for Sycamore.
